Points Available for Reserve

The Siberian Husky Club of America, Inc., will award at its 2024 National Specialty a three (3) point major to Reserve Winners Dog and/or Reserve Winner Bitch if the regular class dog/bitch entry is twice the required number for a five-point major. This occurs in the division where the National Specialty is held. In COLORADO, a five (5) point major for dogs is 7 dogs, a five (5) point major in bitches is 8 bitches.

JUDGING PROGRAM

The entry for all of the conformation, rally and obedience events at this specialty is 300 dogs for a total entry of 780. For your convenience, the following division of sexes has been carefully tabulated; however, neither the Club nor the Show Secretary assumes responsibility for absolute accuracy.

THE SIBERIAN HUSKY CLUB OF AMERICA, INC., Board of Directors recognizes that the purpose of all AKC shows is the exhibition of breeding stock. It also recognizes the personal nature of the decision to participate in these events. It is the desire of the Board to control, and then eliminate, any known inherited defects, and therefore does not encourage the showing of affected animals.

Saturday Best of Breed Judging Procedure

Our esteemed judge, Mrs. Ann Mariah Cook has issued the following statement for your convenience. I will begin by checking in all dogs and bitches together in catalog order. Handlers and dogs in the rear of the line may assemble in order outside the ring and move in as dogs at the front of the line are dismissed. After everyone is checked in, I will examine the first 12 dogs, making cuts, then the next twelve dogs and so on. The last group of dogs will include any move-ups, WD and qualified non-regular class winners. I will examine the bitches in similar groups of 12. Handlers with conflict such as needing to handle two dogs in the same group should alert the stewards before the start of the entire group.

After our judge finishes all her dog cuts, there will be a one-hour lunch break before the start of bitch judging.

MEET THE JUDGES

Ann Mariah Cook Best of Breed

My life began on a working farm in New Hampshire. My earliest memory is of curling up on the kitchen floor with the family Border Collie who was my beloved compatriot throughout my single-digit years. A rough Collie and Irish Setters were to follow, and I loved them all. In my last couple of years in high school and in college, when I was away from home, the thing I missed most was the ability to have a dog.

I met a man, George Cook, who felt the same way. We married and raced through urban life in college and graduate school so that we could move to a place where we could have a dog! In our last weeks in Boston, we spotted a red and white Siberian Husky in a park and knew we'd found the breed for us.

In my professional life, I put my degrees in Art and Art History to work first as a commercial artist, then working in design and antiques. I have researched and restored several properties, mostly pre-1900 homes, but also one Mid-Century Modern. I've also worked as a freelance writer, writing everything from press releases to books. My stories and articles have been published in nationally circulated magazines. I've been a recipient of the Dog Writers of America Award, both for an individual piece and also when the SHCA Newsletter won and I was a columnist.

My sport before Siberian Huskies took over my life was Rowing, in which I raced up to North American-level competition. For the ensuing 46 years, I have, together with my husband, bred, shown in Conformation, shown in Obedience and Rally, and raced Siberians. I have also had a close association with Alaskan Malamutes and have approval to judge that breed, as well. My devotion to these breeds goes beyond personal achievement. My initiatives, especially those as current AKC Delegate center on protecting and preserving our breed for the future.

I've lived in several places from the east coast to Alaska, but my home is New Hampshire where I am now, back on a farm with a kennel full of sled dogs and a herd of horses.

MEET THE JUDGES

Carol Nash—Dogs

I, sadly, am old so have more retrospective than many. I am attending my 48th National. I have bred, trained and exhibited myself and won both at Nationals, other conformation, obedience shows and sled dog races. I have lost and learned. I continue to mentor and teach at Judges Ed. I continue to be active with Working Programs. Succinctly my life is totally involved with the Siberian Husky.

Thank you for my second opportunity to judge the dog classes. I hope the dogs are as close to the standard as the dogs I saw in 2007 at Rohnert Park. I will never forget the thirteen superb braces floating around the ring. Funny isn't it that of all the many Siberians I have bred, owned, competed against or been privileged to judge (USA, Canada, Italy, Great Britain, Argentina, and Australia) it is that class from that one day that most often comes to mind.

The Siberian is a working dog and as such will be most successful when he is a living exhibit of the standard. We all know the Peg Koehler phrase of light load, long distance at moderate speed. This is best seen in a moving dog. Correct proportion, balance and angles allow for truly unforgettable easy movement. Speed does not improve movement. I stood on my chair and cheered for Pacesetter at the Tacoma national knowing full well the handler would win with another entrant.

I concurrently managed to attain three degrees, serve as a Viet Nam era Navy Nurse and worked full time in nursing for over 50 years. I retired from teaching at the University of Alaska Anchorage in 2016. I married John Linnehan in 1994 at the Wonalancet Chapel in New Hampshire. That was a wise decision.

This may well be the last time all three judges have bred, exhibited and raced dogs of their breeding.

I hope decisions I make at this National seem wise to you. Thank you again for this opportunity.

MEET THE JUDGES

Carol Preble—Bitches

The family joke is that my husband married me to get a dog, a Shepard mix named Lady. We really were not looking to get another dog, but we were at a friend's house and across the street were some cute Siberian Husky pups. We put a deposit down on one of these "Rare Red Siberians, we dubbed her Rotten Red, and told her that if she lived a year, she would live a long and healthy life" and a few weeks later Natasha came home. Soon after that we bought our second Siberian. Both of these dogs received their CDX title and introduced us to the world of sledding.

In the late 70's we moved to Illinois and bred our first "Lit". Tonni was shown on a very limited basis, but received her CD and became my husband, Kep's, first of many famous red lead dogs on our sled team. In the early 80's we bought our foundation bitch, Ch. Oaklyf's Bundle of Joy, CD, SD from Bob and Pat Lanaghan, and yes, she was black and white. Joy produced Ch. Lodgepole's Rumbleteazer, CD, SD who when bred to Ch. Lodgepole's Rough Ryder, produced multi Best in Specialty winner Ch. Lodgepole's Firecat, SD. Lodgepole is still known for its red dogs.

In 2004 Ch. Lodgepole's Broken Arrow (a grandson of CH Stormwatch's Montana, SDO and CH Lodgepole's Firecat,SD) ran in the Iditarod and at that year's National Specialty, won Best Sled Dog and retired the SHCA Traveling Sled Dog Trophy for co-owner's Wayne and Chris Curtis, Stormwatch Siberians. Several Lodgepole dogs have run with Team Stormwatch in the Iditarod. I believe that seeing my dogs finish in Nome after a 1100 mile race is some of my proudest moments. After 48 years, we have retired from active racing in the Midwest, but I still have dogs in Alaska running with Team Stormwatch. I am still showing my dogs in the ring, doing conformation, obedience, rally and agility.

I am honored to be judging bitches at the SHCA National Specialty.

MEET THE JUDGES

Anne Palmer—Junior Showmanship

I have been a breeder, owner and exhibitor of Siberian Huskies for over 40 years. Under the kennel name Highlander my husband, Brian, and I have produced multiple US and International champions, multiple Best in Show winners and multiple National specialty winners (Best of Breed, Best of Opposite Sex, Best of Winners, Best Bred By, Best Sled Dog and Best Puppy). We have acquired several Sled Dog Degrees winning both the Lombard Norris and Working Showing trophies. We have also bred multiple Top Producing Sires and Dams. My breed focus is on the total dog: structure, soundness, type, temperament and working ability. Initially, my interest was in confirmation, but believing in the “total dog”, and the “working Siberian Husky”, we ran our dogs. I have been actively involved in many aspects of the Siberian Husky Club of America and currently am serving on the board and other committees. For the past 30 years, I have served several positions for our local breed club, chairing specialties and chairing races. I am the AKC Delegate to our local all-breed club as well as Assistant Show Chair.

I began judging Junior Showmanship and breeds in the Working Group in 2018 and have judged multiple US Specialties, the Italian National Specialty, the Dansk PolarHunde Klub’s show for Nordic Breeds and all breeds at the Dominican Republic All Breed shows.

I am honored to be judging the Junior Showmanship class at this year’s National Specialty.

MEET THE JUDGES

Dawn Eisele—Pee Wee

My involvement in Siberians began in 1980 when we purchased our first Siberian. Several years and Siberians later, with the formation of a local racing club, we became hooked on the dual nature of the sport. In 1989, we were fortunate to be awarded the Working Showing trophy offered by the SHCA. All of our dogs had dual purposes, both being shown in conformation and running in harness. Our involvement in mid-distance sledging includes participating in races throughout New York, New England, Pennsylvania, and Canada, earning numerous Sled dog degrees throughout the years.

We have ventured into obedience, rally, and agility. Earning a few titles in those performance arenas. My involvement in the working aspect of the Breed has provided me with the opportunity to appreciate that working ability and how it translates to what we see in the conformation ring. I am approved to judge Siberians and Juniors and have had the privilege to judge Siberians at Sweeps, Specialties, and All Breed Shows, including the sweeps at the 2009 Siberian National, bitches at the 2022 National as well as the Specialty held in conjunction with the 2021 National. I have been lucky enough to venture out and judge numerous other breed sweeps and puppy competitions. I have judged the 2018 Schipperke National Sweeps and 4-6 puppy competition. I was active as the Public Education Chair for the SHCA and sit on the current Board of Directors, as well as coordinating the stand-alone Meet The Breeds at the New York Piers each February for ten years through 2018. I chaired the 2019 Siberian National. I have been an active Suffolk County Kennel Club member for more than 20 years, and have been the President for the past 9 years. I am an active member of the Eastern Steward and SouthEast Steward Clubs. I am a current member of Morris & Essex, Schipperke Club of America, Nova Scotia Duck Tolling Retriever Club of America, Spanish Water Dog Club of America, and Portuguese Podengo Pequeno Club of America. I look forward to working with Pee Wees at the 2024 National and to give the Pee Wee's a safe and fun experience with their Siberians that they will remember.

MEET THE JUDGES

Megan Terella Veteran Sweepstakes

My mom started showing and breeding golden retrievers in 1976, and I followed her footsteps into the sport, showing dogs in 4-H and then later competing in junior showmanship, agility and obedience. After a short hiatus while I attended college and began my professional career, I serendipitously attended a dog show in 2008 and gave a cute boy my phone number. Two years later I was living in a new state, with a new last name, and completely enamored by a new love... Siberian Huskies.

Together with my husband, Tim Terella, we have bred more than 75 American Champions and many more international champions. We have been the Siberian Husky Club of America's Breeder of the Year in 2015 and 2022, and have celebrated many fabulous wins at SHCA National Specialties.

My passion is our breeding program and I have dedicated the last 15 years to managing our kennel and whelping litters. There is nothing that I enjoy more than holding a puppy in my hands as it takes its first breath, raising and nurturing young hopefuls, and then having our hard work recognized in the show ring all over the world.

I have been an SHCA member since 2015 and currently serve on the Board of Directors. In 2023 I helped reestablish the Lake Erie Allegheny Siberian Husky Club, of which I am now the president.

I share my life with my husband, two kids and many, many, many Siberians. We have also owned and bred German Shorthaired pointers, and we have a champion Bedlington Terrier as a house pet, despite Tim saying he didn't want him. While most of my time is spent keeping children and dogs alive, I also enjoy riding horses, gardening, and drinking wine on patios.

I greatly appreciate the opportunity to judge veteran sweepstakes at the 2024 SHCA National.

Tim Terella—Puppy Sweepstakes

As a third-generation purebred dog exhibitor, my involvement in Siberian Huskies began at birth. My parents, Glen and Beth Terella began Snoebear Siberian Huskies in 1978. Throughout the 1980s they competed in racing, showing, and obedience. Born in 1984, I was infatuated with Siberians from the beginning. My parents said I could identify each and every dog in the kennel on my own by the age of three. Growing up as a junior handler we competed extensively and my passion grew to be my career. I apprenticed

under several of the top east coast and mid-west professional handlers, all of which had their hands in the breed exhibiting several dogs to top Siberian in the USA.

I began my career as a handler on my own in 2005, and by 2008 I had handled my first Siberian Husky special “Carter” to Number One Siberian, BIS/MBISS GCH Coventry’s Peace Negotiator. As the years progressed, I have been fortunate to handle several of America’s Top Winning Siberian Huskies, and show for many of the World’s Top Siberian breeders. I have been lucky to show a

Siberian Husky to the Number One ranking in the USA eight times since 2008. A few notable dogs in my career have been MBIS/MBISS GCH Snowmist’s Quicksilver Speigas, “Fizzy,” who was Best of breed at Westminster in 2014, and Best of Breed and Group 1st at the World Dog Show in Salzburg, Austria in 2012. MBIS/MBISS GCHP Highlander’s Take It To The Limit “Mo”, who became the Top Specialty Winning Siberian in Breed History, including Best of Breed at the SHCA National Specialty in 2021. Most recently, MBIS/MBISS GCHP Highlander’s Snow Pilot to Best of Breed at the SHCA National Specialty in 2023, as well as Best of Breed and Group 2nd at Westminster Kennel Club in May of this year.

As a professional handler, to date, I have won 42 Best in Shows in the USA on a Siberian Husky, as well as more than 130 Best in Specialty Shows. As well as had the SHCA Top Show Dog or Show Bitch 14 of the last 16 years. Showing dogs as a profession has led me to form amazing relationships across the globe, and the ability to travel worldwide to compete in the ring. Besides the USA, I have shown a Siberian Husky to a Best in Show or Best in Specialty in Canada, Thailand, Germany, Austria, Japan, and Hungary.

Breeding, showing, and running Siberian Huskies are my absolute passion. There’s nothing like watching puppies be born, grow, and develop into amazing companions that excel in the ring and on the trail. Together with my wife, we were

the SHCA Breeders of the Year in 2017 and 2022. We have bred more than 75 American Champions, and Champions in more than 10 countries.

I share my life with my wife, two kids and too many Siberians. Outside of dogs, I am an avid outdoorsman enjoying Hunting, Fishing, Camping, and Hiking.

I greatly appreciate the opportunity to judge Puppy sweepstakes at the 2024 SHCA National

MEET THE JUDGES

Wayne Curtis--Sled Dog Sweepstakes

I acquired my first Siberian from a breeder that was a member of The Central Indiana Siberian Husky Club. When I picked her up I was invited to the club's annual Christmas party at another breeder's home nearby. I met Chris and her dogs and fell in love with them all. Five years later Chris and I were married and merged kennels. My start in the show ring was in obedience. Many times, I have been taught who was in charge and learned to channel, not control my beautiful Siberian friends. Since 1974 Stormwatch Siberians have been in the obedience and conformation rings and on the trail.

Some highlights of our time in the breed include winning BOS at the 1998 SHCA National Specialty, 7-time Lombard/Norris Sled Dog Team Award winner, 3-time SHCA Working/Showing Award winner, multiple Awards of Merit, Best Sled Dog at SHCA National Specialties and retiring the Lorna B. Demidoff Challenge Trophy. I was honored to judge the 2006 SHCA Veteran Sweepstakes. Since moving to Alaska in 1992 I have finished 5 Iditarods, a Yukon Quest and many mid-distance and sprint races.

I will miss showing at this year's specialty but am honored to be judging the Sled Dog Sweepstakes classes.

MEET THE JUDGES

Martha Lageschulte—4-6 Month Beginner Puppy

I got my first Samoyed in 1985 and was enthralled with the beauty, sweetness, and sense of humor of the breed. I was introduced to the conformation ring and was hooked on showing at my first match. I have finished numerous dogs, winning multiple BISS, HITS, sweepstakes, agility, rally and obedience titles. At the National level my dogs have won numerous top honors in both conformation and performance. I really enjoy working with the dogs in conformation, performance, and therapy programs. It is very rewarding to have beautiful dogs, think through exercises in obedience and agility, and then watch how wonderful their temperament soars with children as a therapy dog.

I am currently approved to judge 11 of the Working breeds and continuing education for the remainder of the Group.

Thank you for the honor of judging your puppies, the future of your lovely breed. Good luck to all!

MEET THE JUDGES

Patricia Maynard—Obedience & Rally Trials

I have been judging obedience and subsequently rally since 1989. So many great experiences in most of the 50 states! And it all started with a male Akita, Tora. He was my Novice A dog and first Utility Dog. Steady, but in his own time and in his own way, Tora earned each obedience title!!

Another Akita or two, a German Shorthaired Pointer, a Cocker Spaniel, a Golden Retriever, then three straight Australian Terriers were my competition dogs in Obedience, Rally, Agility, Barn Hunt and Conformation. BTW, the Terriers usually had a trick or two up their furry paws as a ring surprise!!!

My next Golden Retriever, Cassi, led me into Tracking; then as a team, we succeeded in obedience, rally, agility and presently scent work. As a good Golden, she wanted each utility judge to have the opportunity to receive a utility glove delivery! My Golden Retriever, Sprig, is now opening doors for more new challenges in learning and adventuring!

I really enjoy watching teams having fun doing the exercises in the obedience and rally rings. The teamwork and special bond created is very rewarding to see. I enjoy small as well as large successes for every team; and it is a special thrill when it all comes together for a qualifying score, any size ribbon, milestone or a title!

Longmont, Colorado, is my home with my significant other (Jeff), 14-year-old Max (Australian Terrier), 10-year-old, Cassi (Golden Retriever), and 10 month old Sprig (Golden Retriever).

When not judging, training or competing, I also enjoy yoga, hiking, biking, travel, and Tai Chi.

MEET THE JUDGES

Robin Hug—Tuesday Specialty

I have been involved in the sport of purebred dogs for over 40 years. I got my start in Australian Shepherds (yes, before AKC recognition) and I then went on to enjoy Akitas, Borzois, Petit Basset Griffon Vendeens and my final and permanent love for over 28 years the Alaskan Malamute. My husband, Joseph, and I have been fairly successful in the conformation ring. Our dogs have won our Top Twenty Event four times. In 2001 with "Strutz", in 2005 and 2006 with his grandson "Stewart", and most recently in 2011 with "Princess" a girl we co-bred, as well as Multiple Best in Specialties. Most of our dogs are breeder-owner handled, and we delight in seeing newcomers to the sport. We have put obedience titles, weight pull and hiking titles on our malamutes.

Our oldest daughter, Courtney, aged out of Junior Showmanship and served six years in the Air Force. Our youngest daughter, Katie Jo, was also a Junior and was Best Junior Handler at the 2005 and 2006 Alaskan Malamute Nationals. We are a family dedicated to the Alaskan Malamute and the Dog Fancy.

I am truly honored and wish to thank you for allowing me the pleasure of Judging your Siberian Husky Specialty..

MEET THE JUDGES

Kathleen V. Carter—Wednesday Specialty

Thank you for inviting me to Judge one of your Pre-National Specialties. If is an honor to judge your lovely breed. I imagine it will be quite challenging in a good way, as I am sure there will be many very deserving entries, and as always, never enough ribbons and awards to go around. It is always thrilling to find entries that meet the standard in type and soundness, that also look like they could do the job they were bred to do. I'm sure the same will hold true here.

As a child I had several types of animals as well as cats and dogs, but was always drawn to the northern/spitz type dog, so as an adult I started in Norwegian Elkhounds, which I have bred and shown since 1978. I was approved to judge them in 1996 and currently judge all the norther/spitz breeds as well as the Sporting and Non-Sporting groups, BIS, a good number of Working breeds and about $\frac{3}{4}$ of the Herding group which I am working towards finishing. Of course, I love Siberian and they are one of most favorite breeds to judge.

As a breeder our family bred many Champions and Specialty/ Group winners, National Specialty winners, Top producers, BIS and Top winning bitch and dog. We always tried to breed to the standard as well as sound dogs in mind and body with good temperaments and good health.

As a professional, I was a Nurse for 35 years which I no longer do. Now I enjoy Judging, traveling and spending time with family and my cats and dogs. I look forward to seeing all the beautiful Siberian and wish everyone the best of luck. I hope it is an enjoyable and successful show for your club and all the members and exhibitors.

I have bred and shown since 1978, I am a parent club approved mentor and on the Judges Education Committee.

MEET THE JUDGES

Laura Gillice—Agility

Thank you for inviting me to judge at the Siberian Husky Club of America Nationals! I became addicted to agility with my Golden Retriever, Kalani, and have added three Australian Shepherds to the family. Since high school, I have competed with my Goldens in conformation, field, obedience, rally and agility. With my Australian Shepherd, Karros, I filled my dream of our first MACH and going to the Nationals in Reno. In 2013, I took the seminar to become an AKC agility judge and found a new career. It gives me the opportunity to meet new friends, travel and watch some fantastic teams compete. Love watching the bond we have with our dogs!

THE STANDARD FOR SIBERIAN HUSKIES

General Appearance: The Siberian Husky is a medium-sized working dog, quick and light on his feet and free and graceful in action. His moderately compact and well-furred body, erect ears and brush tail suggest his Northern heritage. His characteristic gait is smooth and seemingly effortless. He performs his original function in harness most capably, carrying a light load at a moderate speed over great distances. His body proportions and form reflect this basic balance of power, speed and endurance. The males of the Siberian Husky breed are masculine but never coarse; the bitches are feminine but without weakness of structure. In proper condition, with muscle firm and well developed, the Siberian Husky does not carry excess weight.

Size, Proportion, Substance

Height: Dogs, 21 to 23 1/2 inches at the withers. Bitches, 20 to 22 inches at the withers.

Weight: Dogs, 45 to 60 pounds. Bitches, 35 to 50 pounds. Weight is in proportion to height. The measurements mentioned above represent the extreme height and weight limits with no preference given to either extreme. Any appearance of excessive bone or weight should be penalized. In profile, the length of the body from the point of the shoulder to the rear point of the croup is slightly longer than the height of the body from the ground to the top of the withers.

Disqualification: Dogs over 23 1/2 inches and bitches over 22 inches.

Head

Expression: Is keen, but friendly; interested and even mischievous.

Eyes: Almond shaped, moderately spaced and set a trifle obliquely. Eyes may be brown or blue in color; one of each or parti-colored are acceptable. *Faults:* Eyes set too obliquely; set too close together.

Ears: Of medium size, triangular in shape, close fitting and set high on the head. They are thick, well furred, slightly arched at the back, and strongly erect, with slightly rounded tips pointing straight up. *Faults:* Ears too large in proportion to the head; too wide-set; not strongly erect.

Skull: Of medium size and in proportion to the body; slightly rounded on top and tapering from the widest point to the eyes. *Faults:* Head clumsy or heavy; head too finely chiseled.

Stop: The stop is well-defined and the bridge of the nose is straight from the stop to the tip. *Fault:* Insufficient stop.

Muzzle: Of medium length; that is, the distance from the tip of the nose to the stop is equal to the distance from the stop to the occiput. The muzzle is of medium width, tapering gradually to the nose, with the tip neither pointed nor square. *Faults:* Muzzle either too snipy or too coarse; muzzle too short or too long.

Nose: Black in black, gray, sable, or agouti dogs; liver in red dogs, black, liver or flesh-colored in white dogs. The lighter-streaked “snow nose” is equally acceptable. Lips are well pigmented and close fitting.

Lips: Are well pigmented and close fitting.

Teeth: Closing in a scissors bite. *Fault:* any bite other than scissors.

Neck, Topline, Body

Neck: Medium in length, arched and carried proudly erect when dog is standing. When moving at a trot, the neck is extended so that the head is carried slightly forward. *Faults:* Neck too short and thick; neck too long.

Chest: Deep and strong, but not too broad, with the deepest point being just behind and level with the elbows. The ribs are well-sprung from the spine but flattened on the sides to allow for freedom of action. *Faults:* Chest too broad; "barrel ribs;" ribs too flat or weak.

Back: The back is straight and strong, with a level topline from withers to croup. It is of medium length, neither cobby nor slack from excessive length. The loin is taut and lean, narrower than the rib cage, and with a slight tuck-up. The croup slopes away from the spine at an angle, but never so steeply as to restrict the rearward thrust of the hind legs. *Faults:* Weak or slack back; roached back; sloping topline.

Tail

The well-furred tail of fox-brush shape is set on just below the level of the topline, and is usually carried over the back in a graceful sickle curve when the dog is at attention. When carried up, the tail does not curl to either side of the body, nor does it snap flat against the back. A trailing tail is normal for the dog when in repose. Hair on the tail is of medium length and approximately the same length on top, sides and bottom, giving the appearance of a round brush. *Faults:* A snapped or tightly curled tail; highly plumed tail; tail set too low or too high.

Forequarters

Shoulders: The shoulder blade is well laid back. The upper arm angles slightly backward from point of shoulder to elbow, and is never perpendicular to the ground. The muscles and ligaments holding the shoulder to the rib cage are firm and well-developed. *Faults:* Straight shoulders; loose shoulders.

Forelegs: When standing and viewed from the front, the legs are moderately spaced, parallel and straight, with the elbows close to the body and turned neither in nor out. Viewed from the side, pasterns are slightly slanted, with the pastern joint strong, but flexible. Bone is substantial but never heavy. Length of the leg from elbow to ground is slightly more than the distance from the elbow to the top of withers. Dewclaws on forelegs may be removed. *Faults:* Weak pasterns; too heavy bone; too narrow or too wide in the front; out at the elbows.

Feet: Oval in shape but not long. The paws are medium in size, compact and well-furred between the toes and pads. The pads are tough and thickly cushioned. The paws neither turn in nor out when the dog is in natural stance. *Faults:* Soft or splayed toes; paws too large and clumsy; paws too small and delicate; toeing in or out.

Hindquarters

When standing and viewed from the rear, the hind legs are moderately spaced and parallel. The upper thighs are well-muscled and powerful, the stifles well bent, the hock joint well defined and set low to the ground. Dewclaws, if any, are to be removed. *Faults:* Straight stifles, cowhocks, too narrow or too wide in the rear.

Coat

The coat of the Siberian Husky is double and medium in length, giving a well-furred appearance, but is never so long as to obscure the clean-cut outline of the dog. The undercoat is soft and dense and of sufficient length to support the outer coat. The guard hairs of the outer coat are straight and somewhat smooth-lying, never harsh nor standing straight off from the body. It should be noted that the absence of the undercoat during the shedding season is normal. Trimming of whiskers and fur between the toes and around the feet to present a neater appearance is permissible. Trimming the fur on any other part of the dog is not to be condoned and should be severely penalized. *Faults:* Long, rough, or shaggy coat; texture too harsh or too silky; trimming of the coat, except as permitted above.

Color, Patterns, and Markings

All ranges of the allowable colors which are black, gray, agouti, sable, red, and white. May be solid colored. May have multiple shades. May have white markings. A variety of symmetrical or asymmetrical markings and patterns are common, including piebald. No preference should be given to any allowable color, marking or pattern. Merle or Brindle patterns are not allowable and are to be disqualified. Merle is defined as a marbling effect of dark patches against a lighter background of the same color and is not to be confused with a color patch of banded guard hairs amid white, as is seen in dogs with allowable piebald. Brindle is defined as darker and lighter single-colored guard hairs producing a vertical tiger striping, not to be confused with banded guard hairs and a different color undercoat, which may produce some apparent horizontal striping.

Gait

The Siberian Husky's characteristic gait is smooth and seemingly effortless. He is quick and light on his feet, and when in the show ring should be gaited on a loose lead at a moderately fast trot, exhibiting good reach in the forequarters and good drive in the hindquarters. When viewed from the front to rear while moving at a walk the Siberian Husky does not single-track, but as the speed increases the legs gradually angle inward until the pads are falling on a line directly under the longitudinal center of the body. As the pad marks converge, the forelegs and hind legs are carried straight forward, with

neither elbows nor stifles turned in or out. Each hind leg moves in the path of the foreleg on the same side. While the dog is gaiting, the topline remains firm and level. *Faults*: Short, prancing or choppy gait, lumbering or rolling gait; crossing or crabbing.

Temperament

The characteristic temperament of the Siberian Husky is friendly and gentle, but also alert and outgoing. He does not display the possessive qualities of the guard dog, nor is he overly suspicious of strangers or aggressive with other dogs. Some measure of reserve and dignity may be expected in the mature dog. His intelligence, tractability, and eager disposition make him an agreeable companion and willing worker.

Summary

The most important breed characteristics of the Siberian Husky are medium size, moderate bone, well balanced proportions, ease and freedom of movement, proper coat, pleasing head and ears, correct tail, and good disposition. Any appearance of excessive bone or weight, constricted or clumsy gait, or long, rough coat should be penalized. The Siberian Husky never appears so heavy or coarse as to suggest a freighting animal; nor is he so light and fragile as to suggest a sprint-racing animal. In both sexes the Siberian Husky gives the appearance of being capable of great endurance. In addition to the faults already noted, the obvious structural faults common to all breeds are as undesirable in the Siberian Husky as in any other breed, even though they are not specifically mentioned herein.

Disqualification

Dogs over 23 1/2 inches and bitches over 22 inches. Merle and brindle patterns.

Approved by the American Kennel Club, February 9, 2021

Effective May 12, 2021

SIBERIAN HUSKIES
Best of Breed Competition
Judge: Ann Mariah Cook
Best of Breed—Dogs

Our Judge has issued the following statement: I will begin by checking in all dogs and bitches together in catalog order. Handlers should form a line and once each dog is checked in, he/she may leave the ring. Handlers and dogs in the rear of the line may assemble in order outside the ring and move in as dogs at the front of the line are dismissed. After everyone is checked in, I will examine the first 12 dogs, making cuts, then the next twelve dogs and so on. The last group of dogs will include any move-ups, WD, and qualified non-regular class winners. I will examine the bitches in similar groups of 12. Handlers with conflicts such as needing to handle two dogs in the same group should alert the stewards before the start of the entire group.

Sled Dog Image Archives began in 2002, a year after Jan Ingve & Mirjam Wielheesen purchased their first Siberian Husky show dog, Dazzle. As they were learning more about the breed and learning how to show Dazzle, a keen interest into the history of the breed developed. Jan, a professional photographer by background, decided it would be an interesting project to collect historic sled dog photographs starting with the first Siberian Huskies that arrived in Nome, Alaska in the early 1900's. Viola, the start of their little business was established.

Jan and Mirjam soon realized that these photographs generated quite a buzz among their fellow Siberian Husky enthusiasts. Until this business was started, these historic photos were only found in private collections, books, publications, or museums. Jan wanted everyone to be able to enjoy the breed history, so she decided to digitally restore and enhance the collection, and then re-print them on archival paper.

The digital restoration and enhancement process is long and tedious. Some of the historic photographs took up to a week to restore due to the poor condition of the originals. Throughout the years the collection grew and is still growing today. Many of the photographs in the collection are rare or they are the only copy. The photograph above with Togo and Fritz in the foreground is an example. This photo was taken by Seppala himself. Sled Dog Image Archives was incredibly fortunate to be able to purchase the original negative.

Jan and Mirjam were happy to donate several hundred photographs to the National Siberian Husky Club as trophies/welcome gifts at the 2024 National Siberian Husky Specialty, so exhibitors can enjoy some historic photographs of this beautiful breed that they - like you - so dearly love; However, they do ask that you, as the recipient of any these photographs, to please respect the Sled Dog Image Archives' Copyright and refrain from using, re-producing, altering and/or manipulating the image or posting the image online or in social media. If you have any questions regarding usage of these photographs, please contact Jan Ingve at:

FROM ALL YOUR FRIENDS AT
ROCKY MOUNTAIN SIBERIAN HUSKY CLUB, INC.

BEST WISHES FOR A SUCCESSFUL 2024 National Specialty

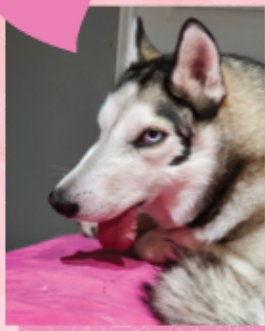

The RMSHC would like to honor and recognize our longtime member JANIS CHURCH STADLER.

Janis has been an admirer, breeder, owner handler with decades of titled dogs in conformation and obedience. She was an avid dog musher of a purebred team. Just a few of her many accomplishments in over 60 years in Siberian Huskies.

She has been a member of the SHCA for over 60 years and is a honorary lifetime member.

Jan has spent a lifetime protecting the soundness and beauty of this amazing breed.
Thank you, Janis, for being a part of our lives and a dedicated member of RMSHC.

Snickers

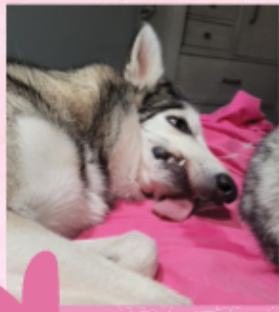

When Snickers was approximately 14 -16 weeks old, her human decided that she was no longer needed on this earth. Rather than trying to re-home her, take her to a shelter, or just open the front door and let her go, her human decided to try to end her life by stomping her to death.

Somehow this little miracle survived. Only to be turned loose to fend for herself with 2 broken lower jaws, and a crushed

skull. She was on her own in the streets for many weeks until she was finally trapped and taken into a rescue. Snickers spent many months in a foster home waiting and hoping that someone would come forward that could love her. The first time I saw Snickers I knew she was going to be mine. I reached out to her rescue group, and after two months, it was determined that she would leave Southern California to live in Southern Idaho with me.

When I first brought Snickers home, she was so scared, she couldn't trust anyone for given reasons. Over the last two years, Snickers has become the best couch and bed snuggler. She gives the best kisses. She is simply, the best dog ever. I can't fathom how a dog could ever love a human again, but she proves why this breed is so special to all of us. You may think that I saved Snickers, but the truth is, she saved me. Snickers has shown me that no matter what we are faced with, there is always a reason to continue to appreciate life.

SNICKERS

We regret to inform you that this year's National Specialty will not feature the Rescue Parade due to scheduling conflicts and time constraints.

Zeke

*Zeke, I so miss your sweet kisses and smiles,
but most of all I miss our dances ...*

There are Show potential young adults ready for the show ring or have already been in the ring – pedigrees and some pictures available on www.ofthemidnightsunsiberianhuskies.com

Along with show potential we have wonderful older bitches and young adults ready for their forever homes, so if you have customers or friends looking for a companion, please contact us.

The doors are not closing, we just needing to be responsible for the unknown and being respectful to the dogs. Janis is always available as a mentor, a resource, a friend and an advisor especially with the knowledge and history of the Breed. She would love to hear from you!

The Legacy “Of the Midnight Sun” will continue by planned and reservations only if inquires for puppies exist.
